Email: shipwheelcattle@itstriangle.com • www.ShipwheelCattle.com

We would like to Welcome you to our 6th Annual Production Sale. As with every year, a big thanks goes out to our customers for your continued support. This would not be possible without you. It is our dream to be here generations from now, raising quality Angus cattle.

We are very excited and proud to offer 75 bulls this year. They represent the top 1/2 of our 2013 calf crop. Great pride is taken in developing these bulls at home. They are grown out slowly and sorted on many times to hopefully insure you are buying quality bulls with fertility and longevity. They are a muscled up, super sound set of bulls that have not had any creep feed or hoof trimming. Our management practices of the bulls enable the genetics to be expressed. If there is a problem with a bull, he will not be offered in our sale. Our insurance and guarantee policy is very simple—if you have a problem or are not satisfied with a Shipwheel Bull, you will be credited for full value of that bull.

In catalogs from the past, I have not commented much on the weather or the markets. However, I think now would be the appropriate time to say WOW! The cattle market, widespread moisture and the bumper corn crop of 2014 will be etched in the minds of many for quite some time. I say it's about time that some of the finest, most trustworthy people in the world can enjoy a decent living from their generations of hard work and dedication.

You producers raising those outstanding CAB carcasses are sitting in a very good position. The growing world population is craving protein—they are craving ANGUS. CAB sales have had another record year with the “Sky the Limit.”

All of the bulls selling this year have had the Zoetis 50K DNA test. The results will be available sale day or earlier upon request. As each year passes, more cattle are entered into the 50K database which will help to increase the accuracies.

Videos of all the sale cattle and horses will be available online at www.billpelton.com or www.ShipwheelCattle.com If you are unable to attend, Bill Pelton Livestock sale day Conference Call will be available. Thanks again for your consideration and support.

POKY FEEDERS AND NATIONAL BEEF TOUR 2014

This last January, Shipwheel took a group of 14 producers to Garden City, Kansas. Day one included an outstanding tour of Poky Feeders. The group was able to witness all facets of Poky from the main office, to the mill and feeding operations, to cattle working facilities, to pen riders and hospitals. That evening we were treated to a wonderful CAB steak as well as several speakers, including Joe Morgan from Poky and Paul Dykstra from CAB. Day two was a highly anticipated day and a first time experience for most of the group. We were headed for the National Beef Packing Plants. Half of the group drove to the Dodge City, Kansas plant and the other half travelled to the plant in Liberal, Kansas. Not just anyone can tour packing plants anymore. But with the National people knowing that we represented CAB and Poky Feeders, we were welcomed inside and given a tour that will be etched in or minds forever.

The main goal of this trip was to educate producers of the cattle industry beyond the calves leaving on shipping day. I truly believe that side of the industry is something that every producer needs to see. All aspects of the industry on our end, from the genetics we choose to how we care for and treat our animals are dealt with on their end. The feed yards and packers are a very crucial element and without them, we don't survive.

A huge thanks goes out to Joe Morgan, Guy Ficeto and the rest of the Poky Feeders crew and Paul Dykstra from CAB for being instrumental in making this chance of a lifetime a reality.

Several other sponsors also played a big role that include:

- Kyle Shobe Auctioneer
- Shobe Auction and Realty
- Agri-Best Feeds and SweetPro
- Northwest Farm Credit Services
- Zoetis
- Elanco
- Midwest PMS

Also, a big thanks goes out to the C&C Excavation crew, Clinton & Margo Pankratz and Lori Faber for doing the chores at home for us. I also can't forget to thank the guys that pooled on the rental car to alleviate some crowding issues on our tour bus "van." It truly was a great time and a great experience with a fun group of guys. Another trip is in the works for late 2015 or early 2016.

John Wayne is a bull that we were very impressed with as a yearling at Spickler's in North Dakota. After seeing that his frame had moderated as a two year old, we decided to use him. John Wayne sires attractive, long bodied, thick topped calves.

8 Sons Sell.

BRED HEIFERS SELL FIRST

40 Bred Heifers - Shipwheel Cattle Company

These heifers come right out of the heart of our cowherd. Many are half-sisters to the bulls selling in this sale, sired by some of the industry's top A.I. sires as well as our top Shipwheel herd sires. They winter on grass pastures and hay meadows with a lot of room to travel, hay and SweetPro blocks. They should weigh approximately 1000lbs. by sale day and have had PregGaurd Gold FP10, Scourgaurd 4KC, Maxi/Guard pinkeye vaccine, cylenece pour on and Panacur dewormer. The heifers will be grouped in Lots of 5. Some of the heifers will be carrying A.I. calves by our top Shipwheel herd sires, such as Shipwheel Montana 2600, S Chisum 255, and BPF Dr J 2110. The natural bred heifers will be carrying calves by some of our top bulls selling in this sale. Highest bidder has the option of taking a minimum of 5 up to 40. Group information will be available sale day. **Heifers will be selling first.**

81	717	112	1339	114	4/110	41.5

- Recommended for heifers or cows.
- Impressive, medium framed, high performing, gentle herd bull.
- He packs excellent feet, a big scrotal, along with an outcross pedigree. We have used him as a clean-up bull on yearling heifers and will continue to use him in our program.
- Dam has been and outstanding cow for us. She raised a top selling Far & Wide son in 2012 selling to Peebles Brothers. Bob Math selected her \$20,000, 2nd high selling Upward son last year. An awesome S Chisum 255 heifer calf was just weaned from 8184. She is on her way to be flushed at Milk River Genetics this winter.
- Grandam is an extremely deep ribbed, easy fleshing, nice uddered, gentle cow that is still in production. Her dandy 77P son sells as Lot 63.

**Shipwheel Enchantress 8184

84	667	104	1248	106	3/103	39

- Recommended for large framed heifers or cows.
- The first John Wayne to sell. He's a dandy bull with an interesting pedigree and look.
- Dam is a long bodied, wedge shaped cow with a really nice udder. I would like all of our cows to look like her.

105	769	120	1209	103	3/106	43

- Recommended for cows.
- If you need a performance bull with tremendous length, here he is!
- Dam is a really nice uddered, soggy, young cow that has a very strong maternal background.
- Grandam is also the dam of Lot 63 and the grandam to Lot 21.

Lot 30 - Shipwheel John Wayne 3565

96	687	107	1268	108	5/105	39.5

- Recommended for cows.
- Another impressive John Wayne with a good top and quarter.
- Dam is a very stylish, clean made, young cow with a tidy udder.
- Thirteen yr. old pathfinder grandam has been a donor for us and is still in production.

Congrats to Ryan Seaman and his Shipwheel Steer at the 2014 Fergus County Fair.

BULL DEVELOPMENT AT SHIPWHEEL CATTLE CO.

The Bulls from the first calf heifers were weaned mid-October and the bulls from the cows were weaned early December.

Both groups were weaned across a hot wire from their moms on hay meadows and SweetPro CattleKandi blocks.

In late December, we brought the bulls into the grow yard and they remained there until early May. From December to May, we fed the bulls chopped grass/alfalfa hay, hay barley silage, a pea, oat, corn mix and Base Mix targeting a 2-2.5 lb. gain.

Early May came and they were ready for grass and that's where they remained for the summer. On October 1st, we brought them back to the grow yard and fed them 1/3 chopped grass and alfalfa hay, 1/3 corn & sorghum silage, and 1/3 corn and Base Mix targeting a 3 lb. gain.

We are very confident in our development and handling of the bulls. Our goal is to find the genetics that rise to the top with minimal inputs—not maximum. The bulls are also horse broke, dog broke and hot wire broke. Klint personally feeds and walks through the bulls nearly every day and trusts our kids to walk through as well.

DEMAND IT ALL!

- Improve Animal Health & Performance
- Maximize Forage Utilization
- Increase Producer Profits

“For the past three years, we have been developing our replacement heifers and supplementing our cows post calving on SweetPro tubs and Redmond salt with great success. In addition to the hay savings we have experienced, the general health and fertility has also seemed to improve.

I am a real believer in the benefits of the added enzymes and probiotics contained in the SweetPro tubs.”

– **Jason Harrison, Harrison Angus Ranch, Boyd, MT, High-selling bull, 2012 & 2013 Midland Bull Test**

“We were nothing less than impressed with the results of our replacement heifers last winter on the Sweet Pro blocks. With only grass hay, Kafkandi blocks and Redmond salt, the heifers came into spring in perfect condition, cycling like crazy. Health throughout the winter was excellent and their performance was right on target. We actually witnessed a reduction

in the consumption of hay which significantly reduced our input costs. I think that the chelated minerals and the digestive aids which help the animals utilize lower quality forages are very beneficial. Feeding the tubs every ten days is very convenient and they are also very easy to handle. Having access to a product that has all of these benefits is very exciting in today's world of agriculture. At this point, I'm very comfortable recommending the Sweet Pro, Redmond salt combination. It sure has done the job for us.”

– **Klint Swanson, Shipwheel Cattle Co., Chinook, MT**

+5	+1.2	+63	+113	+28	+1.80	+51	+47	+44.63	+96.06	-14.98

Montana was the \$30,000 high selling bull from our 2013 sale. He is a very long spined, sound footed bull with tremendous capacity and fleshing ability. This outcross herd sire has seen heavy use here at Shipwheel on heifers and cows and at TC Ranch in Nebraska, where he reportedly did an excellent job of breeding this year. Montana is graced by a lineage of maternal greatness and performance. He will be a big part of our program in the years to come. We anxiously await the offspring from this great herd sire. Bred heifers sell with his service.

S CHISUM 255 17298481

255 was our choice, along with partners Heiken Angus, as the \$30,000 high selling bull from the May 2013 Spickler sale in North Dakota. He is a very balanced, medium framed, easy fleshing bull that has been used extensively on our heifers and cows. His dam is a flawless uddered Chinook daughter that is backed by a long line of outstanding cows. 255 is a free moving herd bull that packs excellent feet and extra muscle expression. He did an outstanding job of breeding here this year. Look for many of his sons in 2015! Bred heifers sell with his service. Co-owned with Heiken Angus and Spickler Ranch. Semen available.

BPF DR J 2110 17485952

Dr J is an exciting young herd sire that we purchased interest in this year. He is sired by our co-high selling bull in 2011 that is still breeding cows at Black Pine Farm. He is another very complete bull that will sire excellent females and bulls with "gas in the tank." He stands on excellent feet, is very gentle, clean fronted and thick topped. Dr J serviced over 50 cows this year at 3-B Ranch and here at Shipwheel as a 2 yr. old. We feel he has a very bright future. Many ET sons by his Connealy Forefront maternal grandam will be offered in our 2015 sale. Bred heifers sell with his service. Co-owned with 3-B Ranch and Black Pine Farm. Semen available.
